

INCLINATION / ACCELERATION SENSORS

- » Static inclination sensors
- » Dynamic inclination sensors
- » Vibration / acceleration sensors

INDUSTRIAL CAMERAS / IMAGE PROCESSING

- » Image editing softwares
- » Industrial cameras
- » Starter Kits
- » Tools

FORCE SENSORS AND STRAIN SENSORS

- » Force sensors
- » Strain sensors
- » Measuring amplifiers
- » Customised solutions

ACCESSORIES

- » IO-Link and connectivity technology
- » Hub and adapter units
- » Accessories sensors

PROCESS SENSORS

- » Pressure sensors
- » Flow measurement
- » Liquid analysis
- » Temperature measurement
- » CombiView DFON touch display
- » Level sensors

COUNTERS / DISPLAYS

- » Displays
- » Totalizer
- » Time counters and hour counters
- » Preselection counters

OBJECT DETECTION

- » Capacitive sensors
- » Ultrasonic sensors
- » Edge sensors
- » Label sensors
- » Fiber optic sensors and fiber optics
- » Magnetic proximity sensors
- » Precision mechanical switches
- » Inductive proximity switches
- » Light barriers/photoelectric sensors

DISTANCE MEASUREMENT

- » Overview distance measurement
- » Laser distance sensors
- » Ultrasonic distance sensors
- » Radar sensors
- » Inductive distance sensors
- » Linear magnetic encoders
- » Measuring wheel encoders
- » Cable transducers

SMART VISION SENSORS

- » Smart 2D profile sensors
- » VeriSens vision sensors
- » Easy control of Universal Robots

IDENTIFICATION

- » IDC – The Multicode Reader series
- » VeriSens ID series

ROTARY ENCODERS / ANGLE SENSORS

- » Industrial encoders absolute
- » Industrial encoders incremental
- » Bearingless encoders
- » HeavyDuty encoders absolute / HeavyDuty encoders incremental
- » Programmable encoders
- » Functional safety encoders
- » Rotary encoders for offshore and marine applications
- » Real-time Ethernet encoders
- » Encoders for synchronous motors
